DECOCKER MODEL PISTOLS*

***DO NOT USE THIS PARTS BOOKLET FOR PISTOLS EQUIPPED WITH
MANUAL SAFETIES OR "DOUBLE ACTION ONLY" PISTOLS**

All parts orders for the P89D, P90D, P93D, P94D and P944D Model pistols should be sent to: Sturm, Ruger & Co., Inc., Parts Department, 200 Ruger Road, Prescott, AZ 86301-6181, 520-778-6555. We cannot comply with open account or C.O.D. requests. Payment in the form of a check, money order, Visa or MasterCard must accompany your order. Credit card orders must include the account number, expiration date and whether it is a Visa or MasterCard account. Minimum parts order is \$1.00 plus \$3.50 shipping and handling charge. Order parts by part name and part number and include the entire serial number of the firearm for which the parts are being ordered. The price shown for parts does not include the minimum net labor charge of \$15.00 plus \$5.00 shipping and handling if parts are factory fitted. All factory-fitted parts are fitted on an exchange basis only. We will not return the replaced parts. The charge for metal refinishing (except for the aluminum frame, which we cannot refinish) is \$35.00 plus a \$5.00 shipping and handling charge.

Because it is a serial-numbered component, the frame is defined as a "firearm" by Federal Law and is not sold as a separate component.

If no price appears in the "Stainless" column, the part is available in blued steel only and is used on all models. Likewise, if no price appears in the "Blued" column, the part is available in stainless steel only and is used on all models. A few components (for example, grip panels) are the same for blued and stainless models.

Design, specifications and prices are subject to change without notice. The Sturm, Ruger & Company "LOGO" and "RUGER" are registered U.S. trademarks. P89, P90, P93, P94 and P944 are Ruger trademarks.

STURM, RUGER & Company, Inc.
Southport, Connecticut 06490 U.S.A.

WARNING—PARTS PURCHASERS

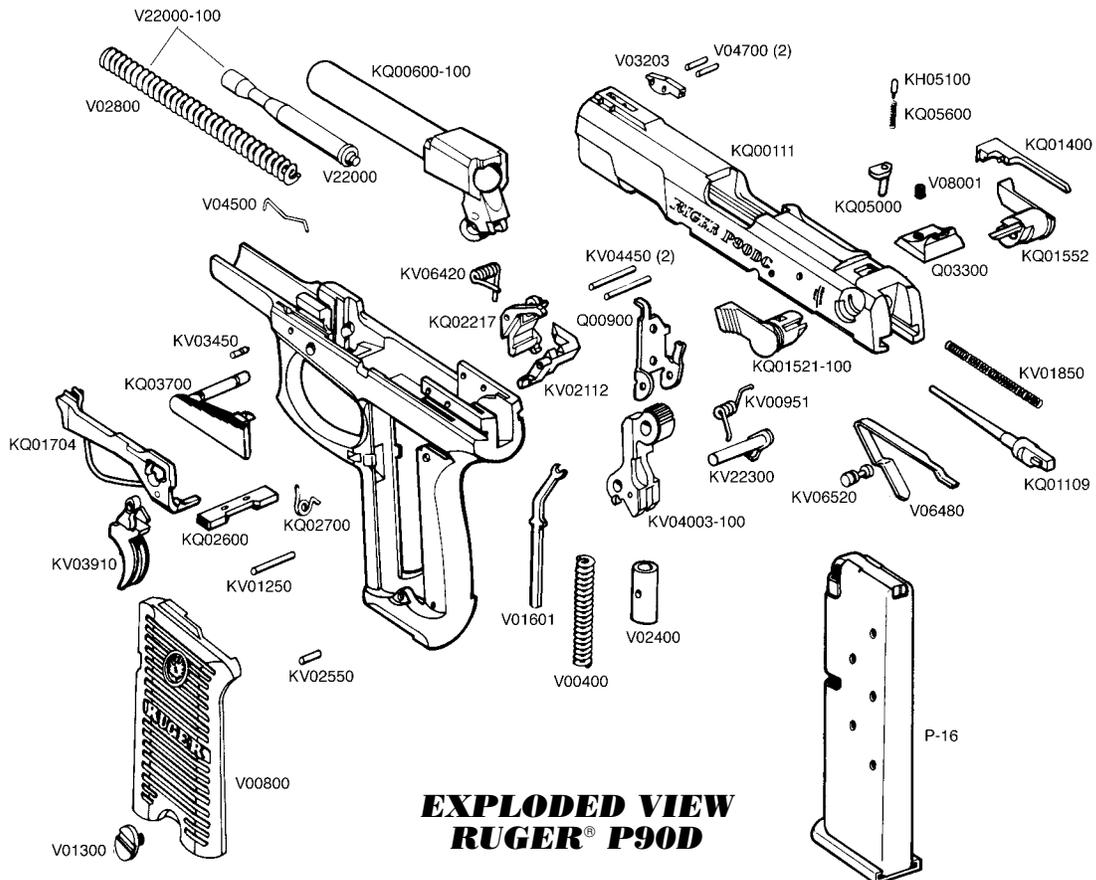

It is the purchaser's responsibility to be absolutely certain that any parts ordered from the factory are correctly fitted and installed. Firearms are complicated mechanisms and IMPROPER FITTING OF PARTS MAY RESULT IN A DANGEROUS MALFUNCTIONING, DAMAGE TO THE FIREARM AND SERIOUS INJURY TO THE SHOOTER AND OTHER PERSONS. The purchaser and installer of parts must accept full responsibility for the correct adjustment and functioning of the firearm after such installation.

PARTS MUST FIT CORRECTLY
