Top Bar: Displays your own location, call sign, map scale, Status icons, quick access to available Hot Buttons, a Chat Icon with an Unread Messages counter, and a More button which includes Toggle Size, Find Location, Show Area of Interest and Minimize Application. Depending on the size of your device, some of these icons may spill into the More menu.

Chat and System Status are both easy shortcuts for opening the Apps.

> Map Buttons: Besides zoom in and out, you have a tristate button available that allows you to center on own position and optionally rotate the map in the direction you are moving.

Publication Number: 10515-0479-4000 Rev. M MAY 2023

Toolbox: Gives you different objects or symbols you can add to the map depending on the mode you are in: Report, Command, Geo Tools, or Plans. Each mode corresponds to an active layer.

ACTIVE LAYER 0 Report Layer

The active layer is the layer you work on and only one layer can be active at a time. The active layer is displayed in the Toolbox and in the Top Context Box when you add elements to the map.

- **Plans**: Lets you view the content of all plans and edit any unlocked plans.
- The Plus icon allows you to add files of various types.
- Use the Pen icon to set a layer to the active layer and open the Plans Toolbox. Tap on the text element to read or edit it.
