Full Alpha Loop Antenna rebuild from non-MicroTune to latest ver \$150.00

Like Be the first of your friends to like this.

This is the upgrade to choose if you have the non-MicroTune version of the Alpha Loop.

Full Alpha Loop Antenna rebuild from non-MicroTune to latest version.

You will need to select this upgrade path to convert your Alpha Loop to the latest version if the Alpha Match on your loop either:

- 1) mounts under the loop.
- 2) has a direct drive shaft rather than a 6:1 reduction drive.
- 3) has the knob on the right side, rather than the front of the Alpha Match.

If any one of these are true, then we will need to replace nearly all the components of your loop.

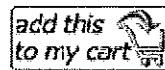

To complete your order, print a copy of this receipt and send the printed receipt with your entire Alpha Loop antenna system, including tripod and bag, with signature confirmation upon delivery of your package to us at:

Alpha Antenna
Attn-Loop upgrades
102 East Main
Bldg E
Greenwood, MO 64034

Your upgraded unit will ship by the end of September

- Model: FullAlphaLoopRebuild

It just shipped!

Transaction ID: [7AJ16773YE290802F](#)

Hello Mark Hazel,

Your package from Productive Industries, LLC is on its way. You can track it online using this tracking number.

U.S. Postal Service: [940550969938161872764](#)

Note to buyer:

Here comes your Alpha Antenna order!

Just a reminder:

- It can take a few hours or even half a day for shippers to update tracking information.
- If you ordered a bunch of stuff, some of it may arrive separately, so look for more than one package.
