# Frequently Asked Questions

The PlatePass® service offers speed and convenience while using toll roads for Hertz rental car customers. The PlatePass service allows you to avoid waiting in long toll lines to pay cash by using high speed tolling lanes, so you can get to where you are going faster. There is no upfront commitment or decision required to use the PlatePass service since fees are only charged when you use the designated lanes.

## Why did I receive an invoice?

As part of the signed rental agreement, you are responsible for all tolls incurred during your rental and all the related service charges. While renting your car, you passed through an electronic toll collection lane. Without PlatePass, using these lanes would have resulted in costly violations issued by the toll authority.

## How does PlatePass work?

Every rental vehicle is automatically enabled with the PlatePass service. The toll system identifies the car and charges the posted toll amount to the Rental Agreement when our customers use the designated high speed tolling lanes. There is no charge for PlatePass unless you use it. If you enter a cash, coin or gated lane, you will have to pay cash at that time.

## Why was I charged a Service Fee?

The service fee covers costs incurred in processing the toll, paying for the toll, locating you as the driver and invoicing you.

## Who can I talk to if I still have a question?

For more details, additional receipts, or questions about PlatePass, please visit us on line at [www.PlatePass.com](http://www.PlatePass.com) or call 877-411-4300 between the hours of 8:00 am to 6:00 pm Central Standard Time, Monday to Friday.
